ASSISTANCE TOPICS OFFERED

- ASSET MANAGEMENT
- FUNDING COORDINATION
- ENERGY MANAGEMENT
- MANAGERIAL & FINANCIAL LEADERSHIP
- RATES & FINANCE
- WATER LOSS REDUCTION
- WATER SYSTEM COLLABORATION & REGIONALIZATION

HOW IT WAS OFFERED

- 1:1 TECHNICAL ASSISTANCE
- WORKSHOPS
- SMALL GROUPS
- TOOLS & RESOURCES
- WEBINARS

WHAT SYSTEMS ARE SAYING

"Our board approved new water and sewer rates and connection fees. I firmly believe that we never would have been able to get to this point without your assistance."

- County Engineer, County Board of Commissioners

"We could not have (designed our rate structure) without your help."

- Board President

"We are fortunate to have such a skilled and professional group as yours work on this project."

- Town Mayor

NAVAJO NATION: SUMMARY OF SERVICES PROVIDED

At the beginning of the project, Heather Himmelberger and staff held a telephone call with representatives from the Navajo Nation. Further discussions were held with the Navajo Nation later in the project and it was determined that two workshops would be held in Arizona and New Mexico, one on Asset Management and one on Water Loss. The Asset Management workshop was held in Show Low, Arizona and the Water Loss Reduction workshop was held in Gallup, New Mexico.

Additionally, water systems had the opportunity to participate in national webinars on all grant area topics and to participate in one-on-one technical assistance. These efforts led to a total of forty-seven interactions with the Navajo Nation.
