REGIONALIZATION**

## HOW IT WAS OFFERED

**1:1 TECHNICAL  
ASSISTANCE**

**WORKSHOPS**

**SMALL GROUPS**

**TOOLS &  
RESOURCES**

**WEBINARS**

## WHAT SYSTEMS ARE SAYING

“ Our board approved new water and sewer rates and connection fees. I firmly believe ”  
that we never would have been able to get to this point without your assistance.

- County Engineer, County Board of Commissioners

“ We could not have (designed our rate structure) without your help. ”

- Board President

“ We are fortunate to have such a skilled and professional group as yours work on this project. ”

- Town Mayor

## COMMONWEALTH OF NORTHERN MARIANA ISLANDS: SUMMARY OF SERVICES PROVIDED

At the beginning of the project, Heather Himmelberger and staff held a call with personnel from CNMI. Based on their discussion, a series of workshops on Rates and Finance, Energy Management, and Asset Management was offered in Saipan.

Additionally, water systems had the opportunity to participate in one-on-one assistance. These efforts led to one hundred five interactions in the state.
