#### NOT SHOWN

- Puerto Rico
- Navajo Nation
- U.S. Virgin Islands
- Guam
- Northern Mariana Islands

#### KEY: TOTAL INTERACTIONS

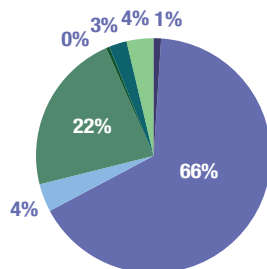

- 1 to 50
- 51 to 100
- 101 to 200
- 201 +

Very Small - 643  
Small - 853  
Medium - 630  
Unknown - 82

### Small water systems receiving light technical assistance by SDWIS subcategory.

- SDWIS small water systems:
- Very Small (25-500 people)
  - Small (501-3,300)
  - Medium (3,301-10,000)

Federal Government - 24  
Local Government - 1,461  
Native Americans - 84  
Private - 494  
State Government - 54  
Unknown - 82

### Small water systems receiving light technical assistance by ownership type:

- Federal Government
- State Government
- Local Government
- Native American
- Private
- Public/Private

## ASSISTANCE TOPICS OFFERED

**ASSET  
MANAGEMENT**

**FUNDING  
COORDINATION**

**ENERGY  
MANAGEMENT**

**MANAGERIAL  
& FINANCIAL  
LEADERSHIP**

**RATES &  
FINANCE**

**WATER LOSS  
REDUCTION**

**WATER SYSTEM  
COLLABORATION &  
REGIONALIZATION**

## HOW IT WAS OFFERED

**1:1 TECHNICAL  
ASSISTANCE**

**WORKSHOPS**

**SMALL GROUPS**

**TOOLS &  
RESOURCES**

**WEBINARS**

## WHAT SYSTEMS ARE SAYING

“ Our board approved new water and sewer rates and connection fees. I firmly believe ”  
that we never would have been able to get to this point without your assistance.

- County Engineer, County Board of Commissioners

“ We could not have (designed our rate structure) without your help. ”

- Board President

“ We are fortunate to have such a skilled and professional group as yours work on this project. ”

- Town Mayor

## PUERTO RICO: SUMMARY OF SERVICES PROVIDED

At the beginning of the project, Glenn Barnes and staff held a strategic meeting with regulatory personnel. Based on their discussion a two-day workshop on Asset Management, Rates and Finance, and Energy Efficiency was held in San Juan.

Additionally, water systems had the opportunity to tune-in to national webinars on all grant area topics and to participate in one-on-one technical assistance. These efforts led to a total of twenty-one interactions in Puerto Rico.
